

BANGLADESH UNIVERSITY OF PROFESSIONALS (BUP)
SEMESTER OUTLINE

PREFACE

1. **General.** This tentative Semester Outline is the overall pen picture of the academic curriculum blended with series of learning events from social activities and numerous enjoyable events for an effective learning to be fit in the competitive world. Its core theme is to provide a panoramic view of the course curriculum for the initial mental set up of the students and to give guidelines for teachers for innovative and research oriented learning. This comprehensive Semester Outline includes a column each for the Day/Date, Class Timing, Name of the Section Location (Classroom Number), Course Code, Topic/Event, Teacher/Faculty Member and Remarks/Discussion Points. The Semester Outline is also a basic guideline indicating the modes of conduct of the course curriculum. It accommodates all relevant information required for the whole semester including all central events (e.g. sports, games or cultural competitions, National Day(s) celebrations, seminars, cultural programs, etc.). In a nutshell, this Semester Outline is the ready reckoner to all your questions regarding the program.
2. **Semester Starting and Finishing Dates.** The semester starts on 04 January 2017 and finishes on 08 June 2017.
3. **Timing and Conduct of Classes.** The academic week starts on Sunday and finishes on Thursday, making it a five-day working week. Each Section shall have about two classes per day. So, there will be total ten classes per week for each Section. Each class shall be of 90 minutes duration, of which 60 minutes shall be dedicated for lecture, and the rest 30 minutes shall be spent for discussions by the students. The mode and conduct of discussions shall be designed by the class-teacher as per the 'Remarks/Discussion' column given in the following pages. Apart from the planned classes, makeup classes and industrial visits will be conducted on Saturdays as per plan of the Department.
4. **Names of Courses with Codes.** The names of courses with course code have been stated below:

Serial	Course Code	Course Title
1.	ECON-3501	Econometrics- I
2.	ECON-3502	International Economics-I
3.	ECON-3503	Health Economics
4.	ECON-3504	History of Economic Thought
5.	ECON-3505	Development Patterns and Economic Systems

5. **Assessment System.** The assessment system is as under:

Remarks	Distribution
Final Exam	50%
One Mid-term	20%
Four Class Tests	10%
Term Paper (Individual) including Presentation	7%
Assignments and Case Studies (Individual/Group) including Presentation	5%
Class attendance	5%
Total:	100%

6. **Conclusion.** This Semester Outline, with its all information and instructions, welcomes the students to be a proud member of BUP. It sets the tone and describes the general academic environment of the University for the 5th Semester of the year 2017. In fact, it is a complete guideline for the students for the Semester, so that there is no room for any confusion on anyone's part. It also gives a clear picture of what BUP wants to impart to the students as well as what is expected out of the students. Disciplinary aspects are also mentioned enabling the students to have a prior understanding of the culture and discipline of BUP. It is expected that students shall take all instructions and information by heart and follow the same with utmost sincerity. It is worth mentioning that curriculum of BUP is not only a bundle of strict routines and their observances, but also a place where students shall learn to be a good and knowledgeable citizen with excellent presentation skill. The Semester is full of fun and frolics apart from the pure academic curriculum, which the students shall come across as the Semester unfolds with passage of time. We hope, gradually, all students shall successfully complete the Semester with praiseworthy results. Welcome to BUP once again.

WEEK-1

Wednesday Jan 04	1015-1145	15B	CR-901	ECON-3501	Introduction to Econometrics Regression vs Causation & Correlation	Lec Rubaiyat Mahjabeen	<ol style="list-style-type: none"> 1. What is Econometrics? 2. Why a separate discipline? 3. Definition 4. Concepts 5. Difference 6. Examples
	1200-1330	15B	CR-901	ECON-3502	Introduction	Lec Shahanawaz Sharif	<ol style="list-style-type: none"> 1. What is international economics about? 2. Importance of international economics 3. The subject matter of

							international economics 4.Purpose of international economic theories and policies
	1400-1530	15 A	CR-301	ECON-3502	Introduction	Lec Shahanawaz Sharif	1. What is international economics about? 2.Importance of international economics 3.The subject matter of international economics 4.Purpose of international economic theories and policies
	1545-1715	15 A	CR-301	ECON-3503	Introductory Class	Lec Nahin Rahman	1. What is Health Economics 2. The Relevance of Health Economics 3. Features of Economic Analysis 4. Examples of Health Economic Analysis
Thursday Jan 05	0830-1000	15 A	CR-301	ECON-3502	The Gravity Model	Lec Shahanawaz Sharif	1.Who trades with whom? 2.Logic of the Gravity Model 3.Has the world gotten smaller? 4.Do old rules still apply?
	1015-1145	15 A	CR-301	ECON-3501	Regression vs Causation & Correlation	Lec Rubaiyat Mahjabeen	1. Definition 2. Concepts 3. Difference 4. Examples
	1200-1330	15 B	CR-901	ECON-3502	The Gravity Model	Lec Shahanawaz Sharif	1.Who trades with whom? 2.Logic of the Gravity Model 3.Has the world gotten smaller? 4.Do old rules still apply?

	1400-1530	15 B	CR-902	ECON-3503	Introductory Class	Lec Nahin Rahman	<ol style="list-style-type: none"> 1. What is Health Economics 2. The Relevance of Health Economics 3. Features of Economic Analysis 4. Examples of Health Economic Analysis
