## Vice Chancellor's Note

It is our immense pleasure that the nineteenth issue of the BUP Newsletter is now on circulation. "Excellence Through Knowledge" is the vision statement of Bangladesh University of Professionals. Keeping this vision ahead, the BUP Newsletter is acting as a comprehensive communication vehicle to provide the BUP community with balanced and objective coverage of issues pertaining to them, a means of staying in touch with their alma mater as well as one another. This newsletter recognizes the contributions of BUP family that they made in accelerating the progress of the university. In reflection of these, the most significant events of the last quarter were observing National Mourning Day 2018, workshop on "Annual Performance Management: Bangladesh Perspective", seminar on "Bangladesh: The Next Level of Development", celebrating Colourful Raising Day, seminar on 'Innovation and Research Opportunities for ICT', seminar on 'Transparency and Accountability in the Public Sector of Bangladesh' and so on.

I would like to convey my heartfelt thanks to the Editorial Board for their relentless effort and painstaking duties in making this publication a success. I hope that such endeavours would continue in future.

## BUP Pro-VC Publishes New Books

Bangladesh University of Professionals Pro-VC Professor M Abul Kashem Mozumder, PhD published two books in 2018 entitled 'Dynamics of Public Administration and Management' and 'Climate Change Perspective: Scenario Analysis'. The First book relishes an orientation to public administration and its dynamics and management. It gives a clear idea about public administration and management from multiple levels. It explains the subject as an academic discipline and its implementation of public policies and programs. Having gone through it, a reader can easily realize what public administration is all about, how it functions, how it is related to other disciplines and, how it has evolved as a core subject in academia. The author has made an earnest effort to present all ideas in lucid language to reach a wide range of readership though it targets the beginners in the field of public administration. The second book is about scenario analysis on Climate Change Perspective. It is sequentially organized first, dealing with 'Climate Change and Global Warming' and 'Climate Change and Global Initiatives' for the general understanding of the phenomenon; second, discusses 'Climate Change Vulnerable Communities' and possible 'Threat to sustainable development due to climate change'; third, investigates global and local response and presented some case studies and finally, moves on to the contextual response of adaptation and mitigation areas and provides recommendations.
